## Reactivos químicos para cromatografía

Referencia	Producto	Formato	Precio*
<b>UHPLC/MS</b>			
412042	Acetonitrile	2,5 l	32,00 €
414942	Methanol	2,5 l	19,50 €
412092	Water	2,5 l	18,86 €
<b>LC/MS</b>			
412342	Acetonitrile	2,5 l	30,60 €
448384	Ethyl acetate	2,5 l	59,55 €
414832	Methanol	2,5 l	18,30 €
415184	Propan-2-ol	2,5 l	44,56 €
412112	Water	2,5 l	10,40 €
<b>HPLC Ultragradiante (Gold)</b>			
412372000	Acetonitrile	2,5 l	26,50 €
412722	Methanol	2,5 l	11,25 €
<b>HPLC Gradiente</b>			
4127022	Ethanol absolute anhydrous*	2,5 l	25,32 €
412383	Methanol	2,5 l	14,05 €
412712000	Propan-2-ol	2,5 l	35,32 €
412142	Water	2,5 l	11,07 €
<b>HPLC Isocratico</b>			
401432	Acetic acid glacial	2,5 l	31,38 €
412502	Acetone	2,5 l	28,20 €
412512000	Butanol-1	2,5 l	62,88 €
432032	tert-Butylmethylether	2,5 l	48,31 €
412572	Chloroform, stab. with Amylene	2,5 l	50,39 €
412653	Chloroform, stab. with Ethanol	2,5 l	27,94 €
412432000	Cyclohexane	2,5 l	37,58 €
412622000	Dichloromethane, stab. with Amylene	2,5 l	25,55 €
412661	Dichloromethane, stab. with Ethanol	2,5 l	31,45 €
412672	Diethyl ether	2,5 l	54,89 €
412612000	Ethyl acetate	2,5 l	43,34 €
446832	n-Heptane	2,5 l	35,35 €
412602000	n-Hexane	2,5 l	34,91 €
P0043721	Methyl acetate	2,5 l	52,01 €
412682	2-Methyltetrahydrofuran	2,5 l	104,99 €
P0643721	n-Pentane	2,5 l	42,66 €
412422000	Propan-2-ol	2,5 l	22,06 €
412452000	Tetrahydrofuran	2,5 l	92,87 €
412642000	Toluene	2,5 l	40,06 €
489633	Triethylamine	2,5 l	62,20 €

\*Debido a la variabilidad del mercado, los precios podrán ser susceptibles de revisión durante la validez de la oferta. Oferta válida hasta el 15/09/2022.

## Reactivos químicos para cromatografía

Referencia	Producto	Aplicación	Formato	Precio*
<b>C. GASES ATRASOL</b>				
P0053216	Acetone	RS - ATRASOL - For traces analysis	1 l	22,44 €
P0053221	Acetone	RS - ATRASOL - For traces analysis	2,5 l	45,72 €
P0053282	Acetone	RS - ATRASOL - For traces analysis	4 l	73,46 €
P02432E16	Chloroform	RS - ATRASOL - For analysis of volatile traces - Stabilized with ethanol	1 l	31,28 €
P02432E21	Chloroform	RS - ATRASOL - For analysis of volatile traces - Stabilized with ethanol	2,5 l	67,31 €
P02932A16	Dichloromethane	RS - ATRASOL - For analysis of volatile traces - Stabilized with amylene	1 l	28,07 €
P02932A21	Dichloromethane	RS - ATRASOL - For analysis of volatile traces - Stabilized with amylene	2,5 l	59,28 €
P02932A82	Dichloromethane	RS - ATRASOL - For analysis of volatile traces - Stabilized with amylene	4 l	95,08 €
P02932E16	Dichloromethane	RS - ATRASOL - For analysis of volatile traces - Stabilized with ethanol	1 l	31,17 €
P02932E21	Dichloromethane	RS - ATRASOL - For analysis of volatile traces - Stabilized with ethanol	2,5 l	67,09 €
P0343216	N,N-Dimethylformamide	RS - ATRASOL - For traces analysis	1 l	24,72 €
P0343221	N,N-Dimethylformamide	RS - ATRASOL - For traces analysis	2,5 l	48,48 €
P0353216	Dimethylsulphoxide	RS - ATRASOL - For traces analysis	1 l	69,52 €
P0353221	Dimethylsulphoxide	RS - ATRASOL - For traces analysis	2,5 l	163,42 €
P0023216	Ethyl acetate	RS - ATRASOL - For traces analysis	1 l	29,25 €
P0023221	Ethyl acetate	RS - ATRASOL - For traces analysis	2,5 l	63,11 €
P0523216	n-Hexane	RS - ATRASOL - For trace analysis, Suitable for Hydrocarbon index determination	1 l	26,75 €
P0523221	n-Hexane	RS - ATRASOL - For trace analysis, Suitable for Hydrocarbon index determination	2,5 l	56,48 €
P052323016	n-Hexane 99%	RS - ATRASOL - For traces analysis	1 l	27,11 €
P052323021	n-Hexane 99%	RS - ATRASOL - For traces analysis	2,5 l	57,80 €
P6263216	Isohexane	RS - ATRASOL - For trace analysis, Suitable for Hydrocarbon index determination	1 l	26,53 €
P6263221	Isohexane	RS - ATRASOL - For trace analysis, Suitable for Hydrocarbon index determination	2,5 l	56,33 €
P0933216	Methanol	RS - ATRASOL - For trace analysis, Suitable for Volatile chlorinated compounds a	1 l	19,30 €
P0933221	Methanol	RS - ATRASOL - For trace analysis, Suitable for Volatile chlorinated compounds a	2,5 l	37,84 €
P0643216	n-Pentane	RS - ATRASOL - For trace analysis, Suitable for Hydrocarbon index determination	1 l	23,76 €
P0643221	n-Pentane	RS - ATRASOL - For trace analysis, Suitable for Hydrocarbon index determination	2,5 l	49,37 €
P064323016	n-Pentane 99%	RS - ATRASOL - For traces analysis	1 l	43,66 €
P064323021	n-Pentane 99%	RS - ATRASOL - For traces analysis	2,5 l	99,10 €
P0883216	Petroleum ether 35 - 60°C	RS - ATRASOL - For trace analysis, Suitable for Hydrocarbon index determination	1 l	23,76 €
P0883221	Petroleum ether 35 - 60°C	RS - ATRASOL - For trace analysis, Suitable for Hydrocarbon index determination	2,5 l	49,37 €
P0713216	Toluene	RS - ATRASOL - For traces analysis	1 l	27,48 €
P0713221	Toluene	RS - ATRASOL - For traces analysis	2,5 l	58,32 €
P0713282	Toluene	RS - ATRASOL - For traces analysis	4 l	93,61 €

\*Debido a la variabilidad del mercado, los precios podrán ser susceptibles de revisión durante la validez de la oferta. Oferta válida hasta el 15/09/2022.

## Reactivos químicos de grado analítico

Referencia	Producto	Formato	Precio*
<b>REACTIVOS RPE – Analytical Grade</b>			
401422	Acetic acid glacial	1 l	13,14 €
400961	Acetone	1 l	7,34 €
419941	Ammonia solution 30%	1 l	8,19 €
402767	Boric acid	1 kg	28,69 €
433187	Calcium carbonate	1 kg	84,72 €
438601	Chloroform (st. Etanol)	1 l	12,06 €
463311	Dichloromethane, stab. with Amylene	1 l	11,17 €
463001	Dichloromethane, stab. with Ethanol	1 l	14,36 €
447521	Diethyl ether	1 l	17,06 €
4146012	Ethanol absolute anhydrous*	1 l	7,65 €
4146342	Ethanol 96*	1 l	7,28 €
448251	Ethyl acetate	1 l	13,70 €
524525	Hydrochloric acid 37%	1 l	9,35 €
403876	Hydrochloric acid 37% Glass bottle PVC coated	1 l	17,78 €
412072	Hydrogen peroxide solution 30%	1 l	13,04 €
414819	Methanol	1 l	5,66 €
406002	Orthophosphoric acid 85%	1 l	25,31 €
472173	Potassium hydroxide, pellets	1 kg	38,85 €
415154	Propan-2-ol	1 l	10,77 €
454054	Propylene glycol	1 l	19,48 €
480507	Sodium hydroxide, pellets	1 kg	24,14 €
524540	Sulfuric acid 96%	1 l	8,68 €

## Viales y filtros de jeringa para cromatografía

Referencia	Producto	Unidades	Precio
SFNY-222-100	Filtros de jeringa de nylon, no estériles - Ø exterior 13 mm - poro 0,22 µm	100	41,50 €
SFNY-222-1K0	Filtros de jeringa de nylon, no estériles - Ø exterior 13 mm - poro 0,22 µm	10 x 100	335 €
SFNY-245-100	Filtros de jeringa de nylon, no estériles - Ø exterior 25 mm - poro 0,45 µm	100	41,50 €
SFNY-245-1K0	Filtros de jeringa de nylon, no estériles - Ø exterior 25 mm - poro 0,45 µm	10 x 100	335 €
SVSC-C20-1K0	Pack: 1000 viales SV02-C20 + 1000 tapones SC02-W02 con septum de silicona/PTFE	1000 x 1000	130 €
SVSC-C2P-1K0	Pack: 1000 viales SV02-C20 + 1000 tapones SC02-P02 con septum 'pre-slit' de silicona/PTFE	1000 x 1000	175 €
SC02-P02-100	Tapón roscado para viales con septum pre-slit silicona/PTFE	100	15,90 €
SV02-C20-100	Vial para cromatografía transparente - 12 x 32 mm - 2 ml - Boca de rosca	100	8,90 €

\*Debido a la variabilidad del mercado, los precios podrán ser susceptibles de revisión durante la validez de la oferta. Oferta válida hasta el 15/09/2022.

## Reactivos químicos para ICP, AAS y trazas

Referencia	Producto	Aplicación	Formato	Precio*
412042	Aluminum standard solution	RS - Standard solution for AAS	100 ml	15,71 €
414942	Aluminum standard solution	RS - Standard solution for AAS	500 ml	28,89 €
412092	Ammonium nitrate 200 mg/l solution	RS - Matrix modifiers for AAS-GTA	50 ml	187,07 €
412342	Antimony standard solution	RS - Standard solution for AAS	100 ml	14,98 €
448384	Antimony standard solution	RS - Standard solution for AAS	500 ml	28,89 €
414832	Arsenic standard solution	RS - Standard solution for AAS	100 ml	15,71 €
415184	Arsenic standard solution	RS - Standard solution for AAS	500 ml	28,89 €
412112	Barium standard solution	RS - Standard solution for AAS	100 ml	30,31 €
412372000	Barium standard solution	RS - Standard solution for AAS	500 ml	28,89 €
412722	Beryllium standard solution	RS - Standard solution for AAS	100 ml	64,14 €
4127022	Beryllium standard solution	RS - Standard solution for AAS	500 ml	141,13 €
412383	Bismuth standard solution	RS - Standard solution for AAS	100 ml	15,71 €
412712000	Bismuth standard solution	RS - Standard solution for AAS	500 ml	24,80 €
412142	Cadmium standard solution	RS - Quality control standard solution for AAS (graphite furnace)	50 ml	48,94 €
401432	Cadmium standard solution	RS - Standard solution for AAS	100 ml	15,71 €
412502	Calcium standard solution	RS - Standard solution for AAS	100 ml	15,71 €
412512000	Calcium standard solution	RS - Standard solution for AAS	500 ml	30,31 €
432032	Cerium standard solution	RS - Standard solution for AAS	100 ml	17,11 €
412572	Cerium standard solution	RS - Standard solution for AAS	500 ml	27,39 €
412653	Cesium chloride 25 g/l solution	RS - Ionisation standard solution for AAS	500 ml	208,89 €
412432000	Cesium standard solution	RS - Standard solution for AAS	100 ml	12,82 €
412622000	Cesium standard solution	RS - Standard solution for AAS	500 ml	32,07 €
412661	Chromium standard solution	RS - Standard solution for AAS	100 ml	15,71 €
412672	Chromium standard solution	RS - Standard solution for AAS	500 ml	30,31 €
412612000	Cobalt standard solution	RS - Standard solution for AAS	100 ml	14,98 €
446832	Cobalt standard solution	RS - Standard solution for AAS	500 ml	30,31 €
412602000	Copper standard solution	RS - Standard solution for AAS	100 ml	15,71 €
P0043721	Copper standard solution	RS - Standard solution for AAS	500 ml	30,31 €
412682	Dysprosium standard solution	RS - Standard solution for AAS	100 ml	12,82 €
P0643721	Dysprosium standard solution	RS - Standard solution for AAS	500 ml	27,39 €
412422000	Erbium standard solution	RS - Standard solution for AAS	100 ml	12,82 €
412452000	Erbium standard solution	RS - Standard solution for AAS	500 ml	27,39 €
412642000	Europium standard solution	RS - Standard solution for AAS	100 ml	29,09 €
489633	Europium standard solution	RS - Standard solution for AAS	500 ml	59,87 €
P0643721	Gadolinium standard solution	RS - Standard solution for AAS	100 ml	12,82 €
412422000	Gadolinium standard solution	RS - Standard solution for AAS	500 ml	27,39 €
412452000	Gallium standard solution	RS - Standard solution for AAS	100 ml	36,35 €
412642000	Germanium standard solution	RS - Standard solution for AAS	100 ml	17,11 €
489633	Germanium standard solution	RS - Standard solution for AAS	500 ml	27,39 €
412452000	Hafnium standard solution	RS - Standard solution for AAS	100 ml	29,94 €
412642000	Hafnium standard solution	RS - Standard solution for AAS	500 ml	74,42 €
507742	Holmium standard solution	RS - Standard solution for AAS	100 ml	12,82 €
507507	Holmium standard solution	RS - Standard solution for AAS	500 ml	27,39 €

\*Debido a la variabilidad del mercado, los precios podrán ser susceptibles de revisión durante la validez de la oferta. Oferta válida hasta el 15/09/2022.

## Reactivos químicos para ICP, AAS y trazas

Referencia	Producto	Aplicación	Formato	Precio*
503194	Ammonium di-hydrogen phosphate 25 mg/L solution	RS - Matrix modifiers for AAS-GTA	50 ml	93,14 €
507743	Indium standard solution	RS - Standard solution for AAS	100 ml	20,13 €
507508	Indium standard solution	RS - Standard solution for AAS	500 ml	27,39 €
504194	Iron standard solution	RS - Standard solution for AAS	100 ml	14,98 €
507393	Iron standard solution	RS - Standard solution for AAS	500 ml	31,83 €
504537	Lanthanum chloride 25 g/l solution	RS - Ionisation standard solution for AAS	500 ml	223,46 €
507744	Lanthanum standard solution	RS - Standard solution for AAS	100 ml	14,98 €
507509	Lanthanum standard solution	RS - Standard solution for AAS	500 ml	32,07 €
504364	Lead standard solution	RS - Quality control standard solution for AAS (graphite furnace)	50 ml	48,94 €
507752	Lead standard solution	RS - Standard solution for AAS	100 ml	15,71 €
507490	Lead standard solution	RS - Standard solution for AAS	500 ml	30,31 €
507745	Lithium standard solution	RS - Standard solution for AAS	100 ml	11,13 €
507486	Lithium standard solution	RS - Standard solution for AAS	500 ml	24,80 €
503196	Magnesium nitrate 10 g/l solution	RS - Matrix modifiers for AAS-GTA	50 ml	93,14 €
503718	Magnesium standard solution	RS - Standard solution for AAS	100 ml	15,71 €
503719	Magnesium standard solution	RS - Standard solution for AAS	500 ml	30,31 €
507039	Magnesium standard solution	RS - Standard solution for AAS	500 ml	35,28 €
507746	Manganese standard solution	RS - Standard solution for AAS	100 ml	15,71 €
507488	Manganese standard solution	RS - Standard solution for AAS	500 ml	28,89 €
504370	Mercury standard solution	RS - Quality control standard solution for AAS (graphite furnace)	100 ml	79,12 €
503640	Mercury standard solution	RS - Standard solution for AAS	100 ml	15,71 €
507489	Mercury standard solution	RS - Standard solution for AAS	500 ml	28,89 €
507747	Molybdenum standard solution	RS - Standard solution for AAS	100 ml	15,71 €
507494	Molybdenum standard solution	RS - Standard solution for AAS	500 ml	30,31 €
507748	Neodymium standard solution	RS - Standard solution for AAS	100 ml	12,82 €
507510	Neodymium standard solution	RS - Standard solution for AAS	500 ml	27,39 €
503197	Nickel (II) nitrate 10g/l	RS - Matrix modifiers for AAS-GTA	50 ml	87,56 €
507749	Nickel standard solution	RS - Standard solution for AAS	100 ml	14,98 €
507487	Nickel standard solution	RS - Standard solution for AAS	500 ml	30,31 €
507750	Niobium standard solution	RS - Standard solution for AAS	100 ml	12,82 €
507511	Niobium standard solution	RS - Standard solution for AAS	500 ml	27,39 €
503198	Palladium nitrate 2 g/l solution	RS - Matrix modifiers for AAS-GTA	50 ml	103,47 €
503202	Palladium nitrate 2 g/l solution	RS - Matrix modifiers for AAS-GTA	50 ml	162,50 €
507751	Palladium standard solution	RS - Standard solution for AAS	100 ml	79,12 €
507512	Palladium standard solution	RS - Standard solution for AAS	500 ml	160,36 €
507753	Potassium standard solution	RS - Standard solution for AAS	100 ml	15,71 €
506960	Potassium standard solution	RS - Standard solution for AAS	500 ml	30,31 €
507754	Rhenium standard solution	RS - Standard solution for AAS	100 ml	80,19 €
507513	Rhenium standard solution	RS - Standard solution for AAS	500 ml	124,88 €
507755	Rubidium standard solution	RS - Standard solution for AAS	100 ml	12,82 €
507514	Rubidium standard solution	RS - Standard solution for AAS	500 ml	27,39 €
507756	Samarium standard solution	RS - Standard solution for AAS	100 ml	12,82 €
507515	Samarium standard solution	RS - Standard solution for AAS	500 ml	27,39 €

\*Debido a la variabilidad del mercado, los precios podrán ser susceptibles de revisión durante la validez de la oferta. Oferta válida hasta el 15/09/2022.

## Reactivos químicos para ICP, AAS y trazas

Referencia	Producto	Aplicación	Formato	Precio*
507757	Scandium standard solution	RS - Standard solution for AAS	100 ml	48,12 €
507516	Scandium standard solution	RS - Standard solution for AAS	500 ml	97,49 €
507758	Selenium standard solution	RS - Standard solution for AAS	100 ml	15,71 €
507491	Selenium standard solution	RS - Standard solution for AAS	500 ml	30,31 €
507526	Silver standard solution	RS - Standard solution for AAS	100 ml	15,71 €
507480	Silver standard solution	RS - Standard solution for AAS	500 ml	28,89 €
507759	Sodium standard solution	RS - Standard solution for AAS	100 ml	15,71 €
503749	Sodium standard solution	RS - Standard solution for AAS	500 ml	30,31 €
507760	Strontium standard solution	RS - Standard solution for AAS	100 ml	14,98 €
507493	Strontium standard solution	RS - Standard solution for AAS	500 ml	24,80 €
507761	Tantalum standard solution	RS - Standard solution for AAS	100 ml	12,82 €
507517	Tantalum standard solution	RS - Standard solution for AAS	500 ml	32,52 €
507762	Tellurium standard solution	RS - Standard solution for AAS	100 ml	14,98 €
507518	Tellurium standard solution	RS - Standard solution for AAS	500 ml	32,52 €
507763	Thulium standard solution	RS - Standard solution for AAS	100 ml	36,80 €
507519	Thulium standard solution	RS - Standard solution for AAS	500 ml	97,53 €
503949	Tin standard solution	RS - Standard solution for AAS	100 ml	15,71 €
507492	Tin standard solution	RS - Standard solution for AAS	500 ml	24,80 €
507764	Titanium standard solution	RS - Standard solution for AAS	100 ml	14,98 €
507520	Titanium standard solution	RS - Standard solution for AAS	500 ml	28,89 €
507765	Tungsten standard solution	RS - Standard solution for AAS	100 ml	16,05 €
507521	Tungsten standard solution	RS - Standard solution for AAS	500 ml	37,43 €
507766	Vanadium standard solution	RS - Standard solution for AAS	100 ml	14,98 €
504187	Vanadium standard solution	RS - Standard solution for AAS	500 ml	24,80 €
504550	Water deionized and acidified	RS - Blanks for AAS, ICP, ICP-MS	1 l	47,05 €
504551	Water deionized and acidified	RS - Blanks for AAS, ICP, ICP-MS	1 l	53,46 €
504552	Water deionized and acidified	RS - Blanks for AAS, ICP, ICP-MS	1 l	50,25 €
504553	Water deionized and acidified	RS - Blanks for AAS, ICP, ICP-MS	1 l	43,21 €
504554	Water deionized and acidified	RS - Blanks for AAS, ICP, ICP-MS	1 l	36,48 €
504557	Water deionized and acidified	RS - Blanks for AAS, ICP, ICP-MS	1 l	47,05 €
507768	Ytterbium standard solution	RS - Standard solution for AAS	100 ml	21,39 €
507523	Ytterbium standard solution	RS - Standard solution for AAS	500 ml	41,91 €
507767	Yttrium standard solution	RS - Standard solution for AAS	100 ml	16,83 €
507522	Yttrium standard solution	RS - Standard solution for AAS	500 ml	33,35 €
507769	Zinc standard solution	RS - Standard solution for AAS	100 ml	15,71 €
507477	Zinc standard solution	RS - Standard solution for AAS	500 ml	30,31 €
507770	Zirconium standard solution	RS - Standard solution for AAS	100 ml	16,05 €
507524	Zirconium standard solution	RS - Standard solution for AAS	500 ml	39,31 €

## Reactivos químicos para ICP, AAS y trazas

Referencia	Producto	Aplicación	Formato	Precio*
401405	Acetic acid glacial	RS - Superpure - For trace analysis at ppb level	500 ml	71,34 €
401406	Acetic acid glacial	RS - Superpure - For trace analysis at ppb level	1 l	105,05 €
401407	Acetic acid glacial	RS - Superpure - For trace analysis at ppb level	2,5 l	115,27 €
401361	Acetic acid glacial	RS - Ultrapure - For trace analysis at ppt level	500 ml	480,68 €
420175	Ammonia solution 20 - 22%	RS - Superpure - For trace analysis at ppb level	500 ml	61,75 €
420161	Ammonia solution 20 - 22%	RS - Ultrapure - For trace analysis at ppt level	500 ml	388,00 €
403921	Hydrochloric acid 29-31%	RS - Superpure - For trace analysis at ppb level	1 l	88,06 €
403892	Hydrochloric acid 32-35%	RS - Ultrapure - For trace analysis at ppt level	250 ml	318,94 €
403891	Hydrochloric acid 32-35%	RS - Ultrapure - For trace analysis at ppt level	500 ml	469,13 €
403915	Hydrochloric acid 34-37%	RS - Superpure - For trace analysis at ppb level	500 ml	59,98 €
403916	Hydrochloric acid 34-37%	RS - Superpure - For trace analysis at ppb level	1 l	95,78 €
403917	Hydrochloric acid 34-37%	RS - Superpure - For trace analysis at ppb level	2,5 l	98,44 €
405716	Hydrofluoric acid 47-51%	RS - Superpure - For trace analysis at ppb level	500 ml	129,89 €
405611	Hydrofluoric acid 47-51%	RS - Ultrapure - For trace analysis at ppt level	500 ml	656,74 €
412051	Hydrogen peroxide solution 30-32%	RS - Ultrapure - For trace analysis at ppt level	500 ml	454,46 €
408052	Nitric acid 67-69%	RS - Ultrapure - For trace analysis at ppt level	250 ml	317,93 €
408051	Nitric acid 67-69%	RS - Ultrapure - For trace analysis at ppt level	500 ml	466,06 €
408115	Nitric acid 67-70%	RS - Superpure - For trace analysis at ppb level	500 ml	62,77 €
408116	Nitric acid 67-70%	RS - Superpure - For trace analysis at ppb level	1 l	100,06 €
408117	Nitric acid 67-70%	RS - Superpure - For trace analysis at ppb level	2,5 l	102,32 €
409193	Perchloric acid 65-71%	RS - Superpure - For trace analysis at ppb level	1 l	225,84 €
410405	Sulfuric acid 93-98%	RS - Superpure - For trace analysis at ppb level	500 ml	74,80 €
410406	Sulfuric acid 93-98%	RS - Superpure - For trace analysis at ppb level	1 l	118,66 €
410407	Sulfuric acid 93-98%	RS - Superpure - For trace analysis at ppb level	2,5 l	116,67 €
410352	Sulfuric acid 93-98%	RS - Ultrapure - For trace analysis at ppt level	250 ml	365,95 €
410351	Sulfuric acid 93-98%	RS - Ultrapure - For trace analysis at ppt level	500 ml	555,61 €
412151	Water	RS - Superpure - For trace analysis at ppb level	1 l	58,10 €
412185	Water	RS - Ultrapure - For trace analysis at ppt level	500 ml	37,38 €
